Passport to Adventure!

As a continuation of our Links to Learning® curriculum, Preschool camp offers a fun-filled summer program for children 3 to 5. Each week preschoolers jump into action, participating in fun and exciting activities and special events.

Our preschoolers have the opportunity to expand their horizons during the summer, embarking on new adventures, and having fun! We create a summer experience that is unforgettable!

Each week campers will engage in relevant, meaningful experiences that allow them to construct new knowledge while connecting to prior knowledge from their own experiences.

Although we want the children to have the best summer possible, we can't forget about all they've learned during the school year.

Our Links to Learning® summer curriculum is designed to review and strengthen skills taught during the school year. Various academic activities will be integrated throughout your child's daily summer experience.

Passport to Adventure activities will inspire your child to engage, explore, create and stay active this summer!
