

# FEBRUARY

Even though February is the shortest month of the year we have much going on! It is national children's dental health month, so we will begin introducing our students to health and nutrition which will play a greater role in the upcoming months.

We have a celebration planned for Valentine's Day and encourage you to bring valentines for your child to share with their classmates. There will also be signup sheets outside of each door if you would like to help supply snacks for the party. Our Valentine curriculum will feature many art explorations using theme colors and heart shapes to decorate our classroom. Mobiles, valentines, string wrapped ornaments, bubble painting, spray art and more! We will also continue with winter related projects: making snow globes, building outside with ice blocks, and the occasional indoor snowball fight!

We want to thank everyone for their help with the Cherrydale fundraiser! It will help us to buy items to supplement our curriculum.

## **Winter Weather:**

Please make sure your child comes to school with hats, mittens, and coats appropriate for outdoor play.
