

Summer Camp at Chesterbrook Academy in Centreville

Welcome!

As a continuation of our Links to Learning® curriculum, camp offers a fun-filled summer program for children ages 1 to 5. Each week, preschoolers jump into action, participating in fun and exciting activities and special events.

Our preschoolers have the opportunity to expand their horizons during the summer, embarking on new adventures, and having fun!

Although we want the children to have the best summer possible, we can't forget about all they've learned during the school year.

Our Links to Learning® summer curriculum is designed to review and strengthen skills taught during the school year. Various academic activities will be integrated throughout your child's daily summer experience.

Our camp program will inspire your child's mind to engage, explore, create and stay active this summer!

**The key to
10 weeks of
summer fun!**

Summer Preschool Schedule

June 26 – September 1

Links to Learning

- WEEK 6** Treasure Hunters
- WEEK 7** On the Boardwalk
- WEEK 8** What's Beyond the Moon?
- WEEK 9** Mysteries at the Museum
- WEEK 10** Storybook Summer

Weekly Themes

Move It! Mix It! Mess it! Do it!

Messy science experiences are the best kind. Our campers get their hands dirty to create homemade play dough, "oobleck," 3D sand art, and more.

Color Me Happy

Explore the wonderful world of color! From painting, to sculpting, to drawing and more, campers mix colors and let their creativity run wild.

Mysterious Mixtures

Campers practice a variety of kitchen skills while creating delicious concoctions. Along with habits of self-help and good nutrition, they learn important academic, social and physical skills.

Fossil Find

Learn all about the mysterious lives of dinos and the scientists who study them. Campers read stories about pre-historic life, dig for fossils, and use clues to uncover dinosaur eggs.

Hiding in the Garden

Campers investigate all aspects of Mother Nature including weather, bugs, and habitats. Their green thumbs will be put to the test as they create their own mini gardens and learn about the life cycle of plants.

Treasure Hunters

Campers set sail on a pirate-themed voyage. They build pirate ships, search for hidden treasure, and even test their balance and coordination skills by walking the plank.

On the Boardwalk

We're bringing the beach to you this summer. Campers dive into seaside adventures while exploring ocean creatures, building sand castles, and playing beach games.

What's beyond the moon?

Get ready for an amazing exploration of space. Campers embark on an imaginative journey to the moon and back, as they learn more about our solar system through dramatic play, art, stories, and more.

Mysteries at the Museum

Our little detectives strengthen their problem solving skills through group projects and peer interactions that encourage positive relationships.

Storybook Summer

Dragons, fairies, superheroes, oh my! Campers go on a magical adventure as books come to life through song, dance, and dramatic play.
